28 Feb -- called Carrier in  
Miami. Told him we  
anticipate making a response  
in abt 2 weeks. He is aware  
of his own timing but doesn't  
anticipate anything in the next  
two weeks.

Reported that Hemming is going  
to represent himself.

Privacy Act Reg. P 76-1896

Note that Briggs has denied release of one document which acknowledges that Hanning is a source of the Agency. That document (dated 27 Aug 64, from Ch. Pers Sect, Div, OS

Thru Steve Kubin and Edward Dumm, to Chief Contact Div, OS) lists ~~15~~ 15 other report numbers which apparently ~~are~~ result from interviewing Hanning.

(One other the doc's that Houston mentions? in his letters to Yeagley?

They appear to be -- the dates are right!, and so is the number.

- 2) DDO turned up copies of the doc's
- 3) DDO passed on copies to us, and  
prob didn't give the copies to  
Sens Wilson.
- 4) Prob now up to us to correct  
the error - otherwise Wilson  
won't know.

\* 5) ~~Ref. to these same docs~~  
The reports that these docs  
refer to ~~the same~~ (reference to  
them) were contained in a  
doc which Biggs has denied  
on the basis it reveals Hemming  
as a source.
